BUS ROUTES:

Letters were sent home with transportation information to all parents on or before August 1st, 2019. If you have not received notification, please contact the Transportation Office at 330-364-0622. To make arrangements for transportation for your child, a registration form is available in the Transportation Office (248 Front Avenue SW).

Bus students are transported from one pick up location and returned to one drop off location. Transportation is provided for students K-12 living one mile from their school of attendance. A consistent schedule for the year must be arranged with the Transportation Office. When a student needs alternative transportation arrangements, the parent or legal guardian is responsible for transportation.
